## Safe Home Ireland supports & services during COVID-19 crisis

During this somewhat surreal and very worrying time, we wanted to reach out to let you know that Safe Home Ireland is still here and 'open for business', albeit with necessary restrictions around some of our services.

We are sad that we have had to suspend the vital 'face to face' home visiting and outreach support part of our work. We will be contacting people once we have any up-date at all to report on the lifting of the restrictions around that.

While our office is not open to the public at the moment, our telephone and email information service is still operating. For anyone wishing to communicate with us via text or whatsapp, please use the following mobile number: +353 86 059 4538

Please see [HERE](#) for additional information on the full range of services and supports that we offer.
